Description

A superb antique green glass scent bottle with solid silver top dating from the early 1800s. The bottle is good quality with a cut glass design and hinged top. It is not hallmarked but has tested as silver. It is in good condition for its age. There is a small dent in the silver top (see photo) and some signs of age and use but no major damages or anything detrimental. It does not have a stopper. It has been cleaned and the silver gently polished and overall it displays very well. The best description comes from the photos so please look at them all carefully and if you have any questions please ask. UK Delivery £5, rest of the world £15.
