Description

Small antique William IV rosewood side table with a tooled leather top & pull out slides on either side with the same leather inserts. This is quite an unusual table & very fine quality. It has those typical William IV tulip designs on the base of the turned legs, plus the distinct William IV carved feet & central roundel in the middle. It's an exquisite piece of furniture & not something I've come across before. This table dates to the 1830-40 period & is in excellent condition. Please enlarge all the images to see the wonderful figuring in the rosewood. Width – 20 inches, 51 cm Depth – 15 inches, 39 cm Height – 28 inches, 71 cm Knee height – 25 inches, 65 cm
