Description

A vintage 1920s Swiss half hunter pocket watch. The watch has a nicely jewelled Swiss stem-winding movement which is working well. The movement is protected by an inner hinged cover. The watch measures 50.5mm diameter excluding the winding stem and the loop. The case is gold plated and is the Star model made by the Dennison Watch Case Company. The case has light surface marking from use and three small "dings" to the back cover but overall it is in nice condition for a 1920s piece. The front cover has a small lens surrounded by enamel filled Roman numerals. The front cover is released by pressing the winding crown in. The watch glass is in good condition, the outer acrylic lens is also in nice condition. The dial is in nice condition. The watch has blued steel hands (including the special half hunter hour hand), a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
