Description

Good early 19th century "Georgian" although probably Dutch mahogany candle stand or lamp table. This is a really nice wee table with great colour and patination. The table has an octagonal top with a lovely moulded edge. Nicely turned column with unusual shaped legs with decorative patera. The table is in un-touched original condition as can be seen in the pictures. Really useful piece of furniture for the modern home, would look fab with a nice lamp on it. SIZE; 13 1/2" wide top. 29 1/2" high CIRCA; 1820
