1925 Waltham pocket watch

Price

Sold**Item Reference: SA673354****Date of manufacture: 1920**

Description

1925 Waltham pocket watch. The watch has a stem-winding movement, Traveler grade, which is working well. The movement is fully signed and the serial number 25,022,733 dates it back to 1925. The movement is protected by an inner hinged cover which has an indentation. The watch measures 50mm diameter excluding the winding crown and the stem. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company. Dennisons made the majority of cases for Waltham UK. The case has light surface marking and mild bruising from use although very acceptable for a 1920s piece. The glass lens has minor marking from use but overall it is in nice condition. The signed white dial is in good condition and has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch will be sent in a new presentation box.
