Depth = 15 cm (5.9")

Description

A very fine example of a rare 10" drop-dial wall clock by A.BACH of LONDON. The clock is totally original in every respect and a pleasure to offer for sale. A flame mahogany case with carved "ears" to the sides, opening side door and key lockable door to the underside. It retains its original French-polished finish and has a wonderful age related patina. The 10" white painted dial has black Roman numerals, outer minute ring, and finely cut hands. It is signed with the makers name. The cast brass bezel has bevelled glass and is key lockable. The twin fusee movement has just been totally overhauled by our own BHI registered horologist and carries our usual full parts and labour 12mth guarantee. The clock strikes the hours on a bell. 10" fusee wall clocks are rare. Twin fusees are very rare. All cards accepted.
