Description

A good quality London marine chronometer. A 3 tier brass bound mahogany box with the original circular label numbered 6190. The original winding key. A 2 day duration fusee mechanism with cut bi-metallic balance and blued steel helical balance with compensating weights. An Earnshaw design spring detent. A silvered engraved dial signed 'Kelvin, White & Hutton 11, Billister St, London' with number 6190 and showing power reserve indicator. A rotating gimball which can be locked. Good original patina to the wood and inner brass/gilding. Circa 1910. From Kembery Antique Clocks Ltd. you can expect a genuine antique chronometer that is in full working order and guaranteed for 12 months. Please contact us for delivery information.
