Description

Lovely original Victorian burr walnut credenza sideboard with rounded corners and an inverted breakfront, finished with dome top mirrors and a Cararra marble top. Well proportioned piece and with it having the curved ends, it takes away the harshness of a typical square end sideboard. Great piece to use as a hall console, but also gives you good storage with the central mirrored door panel opening up to give you storage and also, the curved burr walnut doors give you further storage too. The original marble top is in good condition too. Great size to hold a pair of lamps as shown and perhaps a mirror above. Do take a look at my other pieces for a selection of great antique gilt mirrors that could hang well above this. Any queries, don't hesitate to call or email anytime. Measuring: 36" or 91.5 high 60 1/4" or 153cm wide 19 1/4" or 49cm deep
