Description

A Large Magnificent French Bronze Cherub Blackamoor Lamp This is a life size Bronzed Cast Iron Candelabra, in the form of a Cherub or Putti The Figure is made in Cast Iron with a cold painted bronze finish, it stands on a wooden base painted to simulated marble The enchanting figure of a cherub is supporting an urn with a large 6 branch cornucopia candelabra, this has been wired for electricity, the sconces could be returned to candles if required Due to the age of this piece there is a little chipping of the paint but otherwise it is in remarkably good condition The Candelabra is working and the wiring seems to be relatively new, it will be removed for transport and will have to be replaced on arrival. The lamp is 76" tall and the candelabra is approximately 26" in diameter, the base of the lamp is 14" in diameter HT93 We Give Free Delivery to Mainland England & Wales, Delivery times vary according to your location usually 7 to 28 days Normally we are unable to offer collection Only items dated up to 1920 can be found on Selling Antiques, to see all of our stock including Mid Century and Art Deco post 1920 please view our web site We operate an online store...
