Depth = 126 cm (49.6")

Description

Georgian style walnut partners desk This Georgian style walnut partners desk was made in the early quarter of the 20thc. The cabinetmaker took advantage of the enormous amount of good timber on offer from redundant antique items to use to construct this fantastic quality desk. This partners desk was made in 3 sections which allows ease of transport to and around your office or home Using the best Georgian examples for his design he then constructed this partners desk. All the drawer linings are in high grade ash and the burr walnut was chosen for their radiance and superb figuring. The desk is a mirror image front and rear, with 9 working drawers to each side. All with brass bale handles. The top with a fine quality inset hide hand coloured leather writing surface and a double gilt-edged tooling. It will be unlikely for you to find a comparable desk elsewhere. Imagine how good it will look and feel working at this partners desk, and the pleasure it will give. 167.5cms wide 66ins 126cms deep 49 1/2ins 69.5cms high 31 1/4ins 61.5cms floor to underside of desk 21 1/4ins All dimensions are approximate. This George V walnut partners desk is a finite piece of antique furniture...
