Description

1920s Fattorini Prima full hunter pocket watch. The watch has a nicely jewelled Swiss stem-winding movement which is working well. The movement is stamped Prima, 15 jewels, Swiss made, it also has a snail cam regulator. The watch itself measures 52.4mm diameter excluding the winding stem and the loop. The case is 10ct gold filled and is the Moon model made by the Dennison Watch Case Company. The case has minor surface marking from use and a couple of small "dings" but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in nice condition. The white enamel dial is signed Prima, Thomas Fattorini, Skipton. The has a very faint hairline crack to the outer edge at 4 o'clock but otherwise it is in nice condition. The watch has its original gold hands. The watch will be sent in a new presentation box.
