Depth = 1 cm (0.4")

Description

Date made: 1930's Diamond content: 2.95ct Metal: Platinum Finger length: 12mm Condition: Excellent commensurate to it's age Ring Size: UK O US/CAN 7 can be resized A stunning one off diamond cluster ring set in platinum. A central VVS2 clarity L colour european old diamond is simply unmissable. It is drawing a very faint yellow colour but this does not detract from this wonderful 2.55ct old cut diamond. Measuring 8.8mm this fabulous diamond has the very top clarity specification. It would be very hard to find anything in this calibre, outstanding. Surrounding the central diamond are sixteen matching 0.02ct diamonds. Set in platinum collet settings these twinkle with every flick of the finger. Four diamonds are also encrusted into the shoulders showing real finesse. The ring size is O and will resize without detriment. Together these diamonds certainly make a stunning statement in real life. A wonderful art deco ring and a fantastic investment.
