Description

This refined 19thC Mahogany Occasional Tip Table, is constructed of very good quality timber that is a glorious rich colour. The crisply turned stem flows beautifully into the elegant swept legs, which offer good stability. When tipped, the square top forms a diamond, which is another pleasing feature. Although full of refinement and flow, it is a very useful table that could be put to so many uses around the home, as well as being pretty enough to just be admired!
