

SA676202

Antique English centre seconds chronograph

Price

Sold**Item Reference: SA676202****Date of manufacture: 1900**

Description

Antique English centre seconds chronograph / pocket watch. The watch has an English $\frac{3}{4}$ plate stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 56mm diameter excluding the winding stem and the loop. The case was made by the Dennison Watch Case Company, a prolific supplier of cases for various watch makers. The case is 14ct gold plated, the highest quality Dennison gold plated case which was originally guaranteed to wear for 25 years. It is in very nice condition. The watch glass has a few minor marks, nothing serious at all. The dial is in lovely condition. The chronograph feature is operated by way of a sliding button to the side of the case. The hands are pin-set. The watch comes in a later presentation box.
