Description

This is a beautifully painted large scale late 20th Century Seascape full of natural light depicting a rough sea with waves crashing to shore with white water hitting the rocks. - The painting is by a German artist who has signed his surname in the lower Left bottom corner. - A trade mark of this artist was to paint a pair of gulls flying just above the waves near shore. The artist specialises mainly in seascapes and tends to produce very similar scenes in varying sizes, the largest ones not too often. - This fine example has been very professionally painted and should appeal to anyone who loves the sea in all its moods. - The painting is framed in a 3" ornate, swept gilt frame and will be supplied wired and ready to hang. - MEASUREMENTS (Including Frame) Width : 41 5/8" Inches (105.7cm) Height : 29 3/4" Inches (75.55cm) - CONDITION Very good.
