Antique silver Waltham full hunter pocket watch

Price

Sold**Item Reference: SA678105****Date of manufacture: 1910**

Description

Antique silver Waltham full hunter pocket watch, 1918. The watch has a stem-winding movement, grade 610, which is working nicely. The beautifully patterned movement is fully signed and the serial number 21,846,475 dates it back to 1918. The movement is protected by an inner hinged cover (which has an indentation). The watch measures 52mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside the three covers for London (import mark) 1918. The case has engine turned detail to both the front and back, and the front has a cartouche with the engraved initials of the original owner. The case is in good condition, just a small shallow indentation to the back and the odd minor mark. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in good condition. The signed dial is in lovely condition, Breguet style blued steel hands, a subsidiary seconds dial and outer minute markers. The bezel could be a later replacement although we have had hunters with contrasting bezels before. The watch will come in a new presentation box.
