

SA678676

1930s Cyma pocket watch

Price

Sold**Item Reference: SA678676****Date of manufacture: 1930**

Description

1930s Cyma pocket watch. The watch has a signed jewelled movement which is working nicely. The micro-regulator has been removed over the years but this does not affect the working of the movement. The watch measures 51mm diameter excluding the winding stem and the loop. The case is Silverode, an alloy made to look like silver. It is a good quality case with a screw on bezel and case back, and it is in lovely condition. The glass lens is in nice condition, as is the signed white enamel dial with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
