Description

Circa late 19thC - early 20thC this pair of highly decorated bronze candlesticks are in very good condition. The details include rabbits or hares around the base of the column and oriental figures, and the intricately patterned base has what appears to be beetles or ladybirds around the edges. The base is raised up on a little platform and the total height of the candlesticks is 19cm. The base is approximately 10cm x 10cm. Both are in good condition and each one weighs approximately half a kg. Postage and packing is included in the price for UK mainland only and for remote areas or abroad please contact us for a delivery quote.
