Description

Gents Tissot wrist watch, 1960. The watch has a 27B-9 hand-winding movement which is working nicely. This particular calibre was only made for two years, from 1959 through to 1961. The movement is fully signed and the serial number 4,589,461 which dates it back to 1960. The watch measures 35mm diameter excluding the winding crown and the lugs. The main body of the case is plated, there is the odd mark but overall very acceptable for its age. The stainless steel case back, signed Tissot to the inside, has a pin prick sized "ding". The winding crown is a later replacement. The lens is in good condition. The signed dial is in its original finish with original hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a new presentation box.
