Description

A beautiful Art Deco style table lamp dating from the 1930s. The base is made of a plastic / bakelite type material with a mottled marbled effect. It has a chrome bulb holder and it has its original matching mottled glass shade. A heavy steel plate has been added to the bottom of the lamp to give it some weight and added stability to the otherwise slightly top-heavy design. It is in working order and has been rewired to modern standards to take a bayonet bulb (bulb not included). It is also PAT tested for electrical safety. We would advise using a low wattage LED bulb to prevent the glass shade getting too hot. It is in good condition for its age. There are no major damages, just a few small nibbles around the edge of the glass shade but nothing detrimental. The lamp stands approximately 18" (46cm) tall and at its widest, across the glass shade, it is approximately 6" (15cm) in diameter. The base is 3 1/2" (9cm) square.
