Description

Nice example of an original antique glass display dome. The glass dome is hand blown and sits on an turned wood ebonised base with four small wooden feet. It is in good condition for its age and displays well. The glass has some small natural imperfections but no major damages. There are signs of worm in the feet which have all been treated as a precaution. There are some small knocks and signs of age and use around the wooden base but nothing detrimental. Please have a good look at all the photos for the best description and if you have any questions please ask. UK Delivery £15.
