Depth = 46 cm (18.1")

Description

A Fine and Rare Windsor chair in Yew Wood with an Elm seat by John or Elizabeth Gabbitass, who were the first Windsor chair makers in the town of Worksop, this chair is very unusual having the swept under arm supports it also has the rare leg turning sometimes found on Gabbitass chairs, also this chair is rather oversize made I would think to special order for a large Gentleman. The condition is excellent with a pleasing mellow colour and a good patina circa 1840 DIMENSIONS WIDTH 67 CMS DEPTH 46 CMS HEIGHT 106 CMS SEAT HEIGHT 48 CMS
