Description

9ct gold cushion cased wristwatch from Ths Russell, 1944. The watch has a Swiss nine jewelled hand-winding movement which is working nicely. The watch measures 28mm wide excluding the winding crown and 28mm high excluding the lugs so it would suit a slimmer wrist. The case is 9 carat rose gold and it is in good condition for a piece of its age, a "ding" and a little unevenness to the back but nothing too serious at all. The hinged case back is hallmarked on the inside for London 1944 with a maker's mark for Thomas Russell & Son. The lens is in good condition. The signed dial is in its original finish with blued steel hands, a subsidiary seconds dial and outer minute markers. A new leather strap has been fitted. The watch comes in a Russells presentation box.
