Description

Antique Cyma full hunter pocket watch. The watch has a stem-winding movement, identified as a Cyma, which is working nicely. The movement is protected by an inner cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is the Moon model from the English watch case maker Dennison... the Moon model is 10ct gold plated and was originally guaranteed to wear for 20 years. The case is in very nice condition. The winding crown pushes in to open the front cover. Inside there is an acrylic lens which is in good condition. The dial is in lovely condition too with original blued steel hands, a subsidiary seconds dial and an outer minute track. The dial is signed with the name of the original retailer, T G Smith of Dover. The watch will come in a new presentation box.
