Description

A large antique pine sideboard with seven drawers and one central cupboard, with a shelf inside. Each drawer has a small wooden knob, and the cupboard's original lock and key is in good working order. The door is hung on very attractive (french style) external hinges, allowing it to open fully -a very useful feature when accessing the cupboard. The sideboard is sat on attractive large bun feet to the front and blocks at the back. A good, solid, well made piece of furniture that is fairly deep in size. It has plenty of storage space, and would also work well in a bedroom as an alternative to a standard chest of drawers. Recently stripped to the bare wood, and can be bought as seen for £530. Price including waxing is £597 Height 31", width 49.5", depth 24"
