

SA682520

Gents Omega Seamaster wrist watch, 1962

Price

Sold**Item Reference: SA682520****Date of manufacture: 1960**

Description

Gents Omega Seamaster wrist watch, 1962. The watch has an automatic movement, calibre 552, which is working nicely. The movement is fully signed and the serial number 19,026,922 dates it back to 1962. The watch measures 35mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition, just light surface marks, nothing too serious at all. The winding crown has the Omega logo. The screw-on case back has the raised Seamaster logo to the outside and triangular Omega logo to the inside along with the case reference 14779 SC 61 which is absolutely correct and as it should be. The watch has its original Omega lens which is in lovely condition. The signed dial, with cross hair detail, is in lovely condition with original hands, seconds sweep and outer minute markers. The watch comes on a non-Omega stainless steel bracelet. It currently fits a 19cm wrist although it could be made up to one and a half cms bigger via the clasp. The watch comes in a new presentation box. UK shipping only available on this item due to insurance restrictions.
