Depth = 12 cm (4.7")

Description

An outstanding Regency library clock of Egyptian influence. The flame mahogany case retains its original French-polished finish with a beautiful, deep, rich patina. Of very unusual and distinctive design, it has brass inlay, fluted corner finials, and a gragoon and fluted caddy style top finished with a gilt finial. (The overall height shown includes this finial). It stands on brass bun feet and has a glazed, key lockable rear door. There are lion face carrying handles to the side. The white enamelled convex dial has black Roman numerals and is in perfect condition with no chips, cracks or crazing. It has a cast brass, decorated bezel. The 8 day, fusee movement has just been fully overhauled by our BHI registered staff and carries our usual 12 months full parts and labour guarantee. A gem of a clock. All cards accepted.
