Thomas Mercer 2 Day Chronometer

Price

GBP 3,250

| USD \$4,389 | EUR 3,803

Item Reference: SA683094

Date of manufacture: 1940

Description

This is a lovely Thomas Mercer boxed ships chronometer. It comes complete with its original cutter travel box. Both the inner and outer boxes are in very good condition. The travel case has a leather strap with buckle. It has the number 17989 which we believe dates the clock to 1947. The movement is of 2 day duration with a chain fusee and spring detent escapement, it has been fully serviced and is fully guaranteed for 1 year. The silvered dial has a very unusual cut out where the seconds wheel can be seen as it steps out the seconds. The nicely blued hands are also in very good condition.
