## Description

Large & very comfortable pair of antique Swedish leather armchairs with deep buttoned curved backs. The leather is all in good original condition. However, there is quite a bit of distressing all over the surfaces, so try to double enlarge the images to see for yourselves. There are no splits or tears, but a lot of old scratches & crackling on the top surface of the leather. These armchairs have a wonderful original look, loads of character & the colour of the leather is great. However, if you like your antiques looking new, then these are not for you. They are fully sprung & the insides are all original too. I would date them to around the 1890-1910 period. Width – 35 inches, 89 cm Depth – 34 inches, 86 cm Height – 36 inches, 90 cm Seat height – 17 inches, 43 cm
