Description

1930 chromed silver Lanco pocket watch. The watch has a stem-winding movement, signed Lanco, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 48mm diameter excluding the winding stem and the loop. The case is chrome plated silver... chrome was a popular choice in the Art Deco era, and there are hallmarks inside the case backs for Edinburgh (import mark), 1930. The case is in good condition. The watch glass has a 1cm scratch towards the edge. The dial is in lovely condition and has been left blank for the original retailer to add their details if required. The watch will be sent in a new presentation box.
