Description

A 1920s Swiss full hunter pocket watch. The watch has a nice quality Swiss, stem-winding movement which is working nicely. The movement is stamped Swiss made. It is protected by an inner hinged cover. The watch itself measures 50.4mm diameter excluding the winding stem and the loop. The case is gold plated and made by the Illinois Watch Case Company. The case has light surface marks from use and a couple of small "dings" to the back cover but overall it is in nice condition for a 1920s piece. The winding crown pushes in to open the front cover. Inside there is a glass lens which is in nice condition. The white enamel dial has a very faint hairline crack between the centre and the sub seconds dial but otherwise it is in nice condition. The watch has its original blued steel hands. The watch will be sent in a new presentation box.
