Description

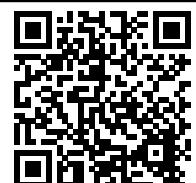

A stunning quality and rare pair of Elkington candlesticks in a winning combination of silver plate and carved Ebony columns; these are extremely hard to come by and rarely seen. They have been painstakingly professionally cleaned and polished by our silversmith to create a pair of sticks ready for the next 150 years. The castings are of extremely high quality including four Ram's heads to the square bases of each. The bases are signed Elkington & Co. on one side and a full hallmark on the other side including the date letter W which allows us to date them exactly to 1882. Superb condition with a couple of tiny age lines to the wood (see photos); insignificant' but mentioned and shown for accuracy. Each measuring 4 3/8" square x 10" tall.
