Description

A most beautiful and highly decorative antique candlesticks with stunning decoration. The base has a shell and foliate design, the pillars with a heavy foliate design and the sconces to the top again with a shell theme. Inside the receptacle there is a hallmark of some kind, most probably the makers mark but hard to see as they are difficult to get too. The bases are weighted making these a hefty, solid and very serviceable pair ready for use. Excellent condition with a couple of minuscule dings (insignificant and mentioned purely for accuracy). Measurements: 9 3/4" tall with a base diameter 5 5/8". Item ID: 32036 ----- FREE Worldwide Registered Airmail; Insurance Optional.
