Description

Date & Origin England, c1750. Period of George II. **Condition** Two small pinpricks to the foot rim which has also been polished. **Dimensions** Height: 17.5cm Rim diameter: 6.9cm Foot diameter: 7.2cm. **Technical Description** A classic English Air Twist wine glass dating to 1750. A large bell bowl above a multi spiral air twist stem with two well balanced swelling knops. Sits on a conical foot. **Historical Relevance** When Scott Falk found this glass on one of his glass buying trips to England in the 1970s, I have no doubt that he was delighted with his good fortune. It is for many collectors, a classic form and a must-have within their collection...and rightly so. The fact that it had a few pinpricks on the foot, wouldn't have concerned Scott in the slightest.
