Description

For your consideration is this monster sized 1930's Art Deco crystal glass perfume bottle. Originally for commercial display for either a shop window display or counter it's real a whopper in size! This will surely be the envy of most perfume bottle collections, it's an absolute beauty and such a rare find. Black enamel with etched glass in geometric forms makes up the decoration to the exterior of the bottle and it's stopper. Aside some very very minor surface scratches to the base it's in perfect condition, not a flea bite in sight!
