Description

This antique Swedish marble top Secrétaire is a great looking piece of furniture, top quality & is in excellent condition. It's neoclassical style & has some fabulous decorations. The pull down front has some fine marquetry of a cherub playing a musical instrument, plus decorative swags. The wood is mainly kingwood & satin birch, however there are other woods too. The marble top is original & in good condition. There are some fine quality gilt bronze mounts & escutcheons. This piece has two drawers above & below the pull down section. When opened the inside writing section is magnificent with many drawers & a single cupboard in the middle. I can't decide whether it looks better open or closed. The tapered legs too are satin birch, with kingwood cross banding. I would date this cabinet to around the 1890-1910 period. The attention to detail the cabinet maker has used in making this product is amazing. Please enlarge all the images to appreciate all the fine details. Width – 39 inches, 99 cm Depth – 17 inches, 43 cm Height – 48 inches, 122 cm Knee height – 28 inches, 72 cm
