Description

It's not often you find a quality hip flask such as this in silver plate rather than sterling silver, making this a very accessible example. Also highly desirable is the ever-popular hobnail cut to the top of the flask with a silver-plate screw top. There is a removable drinking cup with a gilded interior. The underside is where the hallmark is found J D & S for the famous silversmith, James Dixon & Sons and "EP" for Electro-Plated. Excellent condition measuring 6" x 3 1/4".
