Description

A large scale oil on canvas depicting a seductive nude study of a young lady posing in her see through silk gown. - The painting is executed in generously applied oils and is of excellent quality with a good covering of paint showing direction and skill in the applied brush strokes. - The painting is nicely presented in the original period giltwood and gesso decorative frame. and bears a signature in the lower bottom right corner which reads ' J.Luna

- The exact date of this picture is uncertain, but in our opinion it is around 1930 or slightly later from the style. - The lady in this painting looks a little shy in her appearance with the background colours reflecting a bluish tinge of moonlight glow and haze. - This is a fabulous example in oils and is of a professional standard and distinct style. - The lady looks Filipino in origin and J.Luna is an artist from Asia by name. - CONDITION Excellent Order Throughout. .
