Description

Wonderfully stylish and totally original 1930's Art Deco set of four glass wall lights. The glass sconces are held firmly and snugly in place by a brass back plate frame with a single bulb holder behind. These give a fabulous effect when lit against the wall. Really stylish set in great condition. The thick heavy frosted glass is almost 1" thick at its tip, really oozing quality. These lights look both impressive when switched on or off. Later fitted screw in bulb holders are currently installed, we can swap these out for standard bayonet fittings however you will need to re-wire them and have them checked by a qualified electrician for safety.
