Description

Antique Omega pocket watch, 1913. The watch has a stem-winding movement which is working nicely. The movement is signed with the Omega name and the serial number 4,229,173 dates it back to around 1913. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is gold plated and there are a few little marks to the hinged back but otherwise it is in good condition. The acrylic lens is in good condition. The dial has blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
