Antique silver Vinéta pocket watch

Price

Sold**Item Reference: SA689428****Date of manufacture: 1920**

Description

Antique silver Vinéta pocket watch. The watch has a 15-jewel stem-winding movement which is working nicely. The movement is protected by an inner hinged cover which is nicely inscribed with details of the watch. The watch measures 50mm diameter excluding the winding stem and the loop. The case is 800 silver with a rose gold wash around the bezel and the edge of the hinged case back, known as a galonne case. It is in very nice condition, we often see this style of case with wear to the rose gold wash but this one is in lovely condition, and the engine turned detail to the back is still nice and crisp. The acrylic lens is in good condition. The dial is signed Vinéta and it is in lovely condition. One of the hands is a later replacement but a good colour match. The watch comes in a new presentation box.
