Description

Antique silver Limit pocket watch, 1918. The watch has a stem-winding movement which is working nicely. The movement is protected by an inner hinged cover. The watch measures 50mm diameter excluding the winding stem and the loop. The case is silver and there are hallmarks inside both of the case backs for Birmingham 1918, with a case maker's mark for Aaron Dennison, an English company who supplied many watch makers with cases. The case is in good condition, just light surface marks. There are engraved initials, GW, to the back. The engine turned detail is still nice and crisp. The watch glass has a couple of small marks but nothing serious. The dial is in lovely condition with original blued steel hands, a subsidiary seconds dial and an outer minute track. The watch comes in a new presentation box.
