Description

Gents 1940s Helvetia wrist watch. The watch has a 17-jewel Helvetia 80c hand-winding movement which is working nicely. The watch measures 34mm diameter excluding the winding crown and the lugs. The case has a plated bezel, an alloy centre and a stainless steel, a combination often in the 1940s. The lens is in good condition. The signed dial is in its original finish with original hands, a subsidiary seconds dial and an outer minute track. A new leather strap has been fitted. The watch comes in a new presentation box.
