Description

Antique silver Waltham pocket watch, 1900. The watch has a key-wound movement which is working nicely. The movement is fully signed and the serial number 8,761,806 dates it back to 1898. The movement is protected by an inner hinged cover which has surface marks, probably from where the key has scratched it. The watch measures 53mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside the two case backs for Birmingham 1900 with a maker's mark for Alfred Bedford, the Manager of Waltham UK. The case has light marking but overall is in good condition for such an early piece. The watch glass is in good condition. The signed dial is in lovely condition. The watch will come in a new presentation box.
