

SA690661

Gents Omega Seamaster De Ville wrist watch, 1964

Price

Sold**Item Reference: SA690661****Date of manufacture: 1960**

Description

Gents Omega Seamaster De Ville wrist watch, 1964. The watch has a 24-jewel calibre 712 automatic movement, Omega's thinnest automatic movement at just 3mm thick. The movement is working nicely. It is fully signed and the serial number 21,008,410 dates it back to 1964. The watch measures 34.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and it is in good condition with just light marking, and a couple of scratches to the case back. The case back has the raised Seamaster logo to the outside and the Omega triangular logo to the inside, along with the case reference 165.008 which is correct for the calibre. The winding crown is a later plain replacement. The lens is in good condition. The signed dial is in its original finish, there is some darkening but overall very acceptable. A later leather strap has been fitted. The watch comes in a new presentation box.
