Depth = 1 cm (0.4")

Description

Fabulous opportunity to acquire this wonderful gents manual wrist watch dating to 1937. A stepped casing that can't be mistaken for any other era is made from 10 k rolled gold plating which is in super condition, bright and crisp. Elegant engraving covers the sides with the skyscraper stepped case so indicative of this era. The back of the watch is clear from any engravings and is stainless steel. The original rich dial is exceptionally clean and looks very impressive for it's 82 years. The baton markers applied deco numerals and hands are in extra bright gold. Sub dial with seconds hand to the base, original crystal which is without heavy scratching and again very good condition for it's age. 17 Jewels movement which has been serviced and runs well keeping good time. A really handsome looking watch that comes complete with a new unworn leather strap in black with chrome buckle.
