

SA691272

Antique Régulateur steam train pocket watch

Price

Sold**Item Reference: SA691272****Date of manufacture: 1910**

Description

Antique goliath Régulateur steam train pocket watch. The watch has a stem-winding movement, possibly by Fontainemelon, which is working nicely. The movement is protected by an inner hinged cover. The watch measures 68mm diameter excluding the winding crown and loop. The case is gun metal with gilded highlights. Both the case and the acrylic lens are in good condition. The dial is in lovely condition and has blued steel hands, an inner 24 hour dial and an outer minute track. The watch comes in a new presentation box.
