Description

For your consideration is this exceptional 1930's Art Deco glass vase possibly by Karl Palda and what a gem it is. It really does pack a punch being very tall and elegant and with the most glorious geometric decoration. Heavy quality crystal with no damage, just the odd minor scratch to the base (but for 90 odd years old we think that's pretty amazing). Made In the Czech Republic, the body of the vase is a flat octagonal in shape, with four hand cut facets on each side with original vintage etched enamel artwork. Pure class. Free UK Delivery
