

SA692650

Gents silver trench wrist watch,
1924

Price

Sold

Item Reference: SA692650

Date of manufacture: 1920

Description

Gents silver trench wrist watch, 1924. The watch has a hand-winding movement which is working nicely. The watch measures 31mm diameter excluding the winding crown and the fixed wire lugs, it would suit a slimmer wrist. The case is silver and there are hallmarks inside the hinged case back for London (import mark), 1924. The front of the case is in good condition while the case back has some slight unevenness. The lens is in good condition. The dial has two or three short faint hairlines running out from the centre but they are difficult to see with the naked eye. A new leather strap has been fitted. The watch comes in a new presentation box.
