Dimensions

Height = 30 cm (11.8")

Width = 24 cm (9.4")

Depth = 10 cm (3.9")

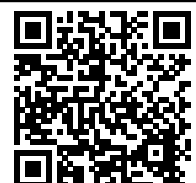

Description

Fine quality late Victorian 3 branch electric table lamp. Lovely cut glass body with a beautiful shaping, faceted and cut all over terminating in a heavy square base. The top of the lamp has gilded bronze arms with gilded brass round turned central stem. The lovely shaped brass top to the cut glass part is also beautifully engraved. The lamp has a real classical look about it. The condition is pretty good although there are a couple of old well worn chips to the square base and it needs fully re-wiring. Again this came from our large private call back in March. I think it will look stunning once re-wired and appropriate shades fitted. SIZE; The base is 4" square and the lamp stands 12" high in the centre without bulbs CIRCA; 1890 - 1910
